20 Invisible Benefits Of Writing Articles That Leads To A Visible Income.

Writing articles is one of the most ignored but the **most potent free traffic-generation techniques** that is freely available to anyone. The most surprising element is that *anyone can write articles* of about 500-700 words on any given day!

Writing articles is a sure fire way to quality publicity, but for god knows only reasons -- writing articles takes the last priority among our scheme of things!

Here are some of the **most important benefits** that will convince you to sit down on that keyboard and write away to your first article.

1. Writing free articles does not cost you anything! It's **free**.
2. You do not need an Oxford degree in English to write simple articles that gets published online. All you need is that willingness and **type out your knowledge** in short sentences.
3. You can instantly reach out to **many thousands** of your target audience each and everyday without any effort from you.
4. Your articles will position you as an **established expert** in your field within no time. It is the **quickest** way to achieving expert status.
5. Your name becomes a **valuable resource** to other websites and eZines who hungry for your content.
6. Article distribution is the **super fast speedway** way to get one way high PR links. Especially with *hundreds of new article* directories popping up on the Internet every month!
7. Unlike email safe lists and classified Ads, no spam filters **can ever stop your article marketing** and it gets a read a lot as your articles are permanently archived.
8. Search Engines love new content and would be **eager to slurp up** your articles.
