# Chapter 1: Introduction

## Welcome!

Everyone realizes that joining PLR sites are a **highly lucrative business model**. Many of these sites are really good at mass producing PLR content, but what about you - the **END USER?**

The key question to ask is, *Are you very good at monetizing this PLR content?*

Many of us are members of these sites but **just a few of us** actually have the **actual knowledge** to monetize them to the MAX!

In this E-book, we will take a closer look at PLR content that is available for use from these membership sites.

## We will find out how to profit from:

- ▶ E-books
- ▶ Sales letters
- ▶ Landing Pages (or Squeeze pages)
- ▶ Articles
- ▶ Thank you pages
- ▶ E-courses
- ▶ Blog Posts
- ▶ Blog Themes
- ▶ Videos

**So without further ado, let's jump into it right away!**

## Chapter 2: Why Monthly/Weekly PLR?

Simple answer! Private Label Rights is the **short cut** to selling **your OWN products** without you doing any production or going through the hell in creating your own products.

*Then why we are not joining private label rights sites?*

Again the answer is simple. Most of the time, we are afraid of monthly commitments and are reluctant to join monthly PLR sites despite its obvious benefits.

**Is this the right way to think? Not at all! Once you see the real benefits of private label rights...**

- ✓ It's a **real cost effective solution** because monthly subscriptions are usually a lot cheaper than one time purchases.
- ✓ You get **consistent new content** every month or every week to make money from!
- ✓ You get to **monetize the LATEST, hottest, new niches!** With new content, you can be sure **you will not be using OLD**, outdated content.
- ✓ You get to **create multiple streams of incomes** when you really push yourselves to work hard every month.
- ✓ The privileges of **exclusivity**. **You do not compete with tons** of other Internet marketers (or niche marketers) who recycle the SAME, over and over again! The only people you are 'competing' with are the members themselves and there is **usually a membership cap** to a PLR site. *Even then, only 5% of the members effectively use this content!*
- ✓ You enjoy **first mover's advantage!** You will know exactly **when the content will be released** and you can start loading up the content on your sites as quickly as possible. After all, the early bird gets the worm, right?

**Now that we are very clear why PLR memberships are one of the best investments one can make, we will have to choose the right membership site!**

The next chapter will show you *how to choose the 'best' PLR site.*

---

# Chapter 3: How to Choose A Good Monthly PLR Site

**Let's be realistic here...**

Not all PLR **membership sites are created equally** – some of their content is just BAD, while some are created with premium quality!

Therefore, it is very important that you **check out the credibility** of the founders of the PLR site.

**Make sure they have:**

- ➔ *A proven track record*
- ➔ *Are capable of producing EXCELLENT content (After all, content is king)*

Once you narrow down, look at the **kind of content** they are providing – whether they are suitable for your needs, is it too pricey, or will you be able to monetize it. Be sure as well if the niches you want are targeted, generic or too competitive.

**Here is a list of criteria to look for:**

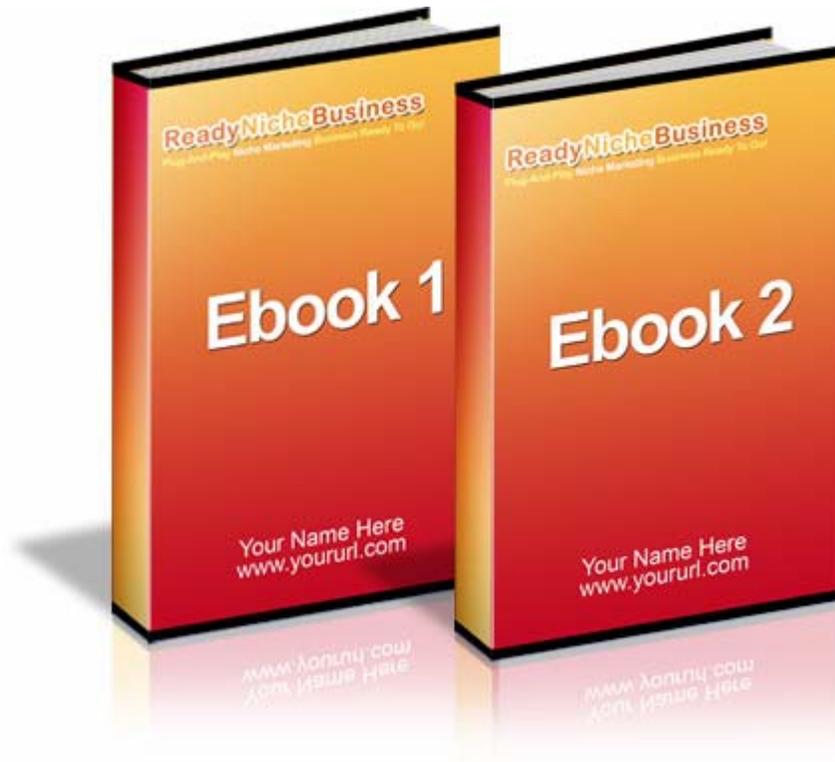

- **TOP Quality content** – It is the most important criteria of them all! (If you want to check out the quality of past issues, you can do a search on Google to see if anyone published the content on their website – this is a useful way to gauge the quality of the site without investing in it).
- **Powerful graphics** – If they are provided, you can greatly increase your conversion rates. And also, do they provide **Photoshop PSD** files that you can use to edit and rebrand it to yourself?
- **Monetization methods they cater for** – Do the content allow you to monetize many ways such as Google AdSense, Amazon affiliate, Clickbank, Chitika, Commission Junction or even publishing your own E-book?
- **Does it provide high converting sales letters and thank you pages?** This is very important because you want everything to be set up for you!
- **Does it provide good quality audio and video products?**

## Chapter 4: How to Utilize PLR E-books

E-books are very important. Most PLR sites provide E-books as the **bread and butter** of the entire business model.

**Here are some of the best strategies on how to utilize PLR E-books:**

- ✓ **Lets you put your name on the products as the author** – This is the *most obvious benefit* of them all. Private Label Rights allow you to **claim authorship** to the E-book and you can use it to build your name/brand or sell it.
- ✓ **Lets you edit the contents** – You can change the titles, edit the product contents, insert your affiliate links, and/or paste your own advertisements into the products. These are just some ways to monetize in addition to the profits you are making from selling the E-book.
- ✓ **Re-arrange as articles** – You can take the content in the book and arrange them into *your very own articles* (more about monetizing articles in the subsequent chapters).

**Brought To You By**

**Unselfish Private Label Rights Videos - The Short Cut Root To Money**

- 
- ✓ **Combine products and make them mega-pack** – On the other hand, you can also take a few PLR E-books and *combine them together* to create one HUGE mega E-book and sell them for profits.
  - ✓ **Turn them into short and meaty special reports** – You can shorten the E-book by *taking out the key points* and turn it into a special report that you can use either as a teaser to get people to buy your E-book or you can use it to capture leads.
  - ✓ **Give it away as a bonus** – Depending on the terms and conditions, you can use this book and *give it away as a bonus to products* you are already selling.
  - ✓ **Offer additional rights to your customers** – You can also offer additional rights to your E-book that will *enhance the perceive value* (e.g. basic resell rights, master resell rights or even re-branding rights).

These are just some examples that you can use to profit from PLR E-books. Use your imagination further, come out with a lot more profitable ideas and market yourself with PLR E-books.

# Chapter 7: How to Make Money Using Thank You Pages

'Thank you' pages are one of the **most overlooked strategies**. Most people think that they are just there as a courtesy to thank the customer, *but there is more to it than meets the eye!*

You can use a '**Johnson Box**' on your 'thank you page' to get the reader's attention to make another sale.

A Johnson box is **simply a contrasting box** on your web page to create a table. Inside the box, **you add a description or short message** about a point of the product you want to emphasize.

You can use a 'Johnson Box' in your 'thank you page' for:

- ▶ **Promote** an affiliate program
- ▶ **Recruit affiliates** for programs that pay on two-tiers.
- ▶ You can also **direct traffic** to your own site and recruit affiliates
- ▶ Sell **your own** products.

## Chapter 11: Summary

After reading this book, I'm sure **you will take away** a couple of ideas that will give you a **clear understanding** why being a member of PLR membership sites will give you a **distinct advantage** over the rest of the Internet marketing crowd.

The most important thing you must remember is this – **speed is the key!**

One of the **most important selling points of PLR** is to *help people save time, money and effort!* But most of the time, you will find people who buy PLR products but they let the products virtually ROT in their hard drive or *gather digital dust.*

Don't be like most people.
